1 Introduction

If you are not PCI certified, you are obligated to use the secure payment gateway provided by Computop. You will find all the information and the corresponding parameters detailed below.

2 Structure

2.1 URL

<https://www.interhome.com/PaymentGateway/Payment.aspx>

2.2 Process

2.2.1 PayMode="SecuredCreditCard"

The booking must be confirmed with PayMode="SecuredCreditCard" in the webservices (method "ClientBooking") and must be sent out without client payment information. The booking confirmation ID will be sent back.

2.2.2 Add. parameters

The Iframe must be called with all corresponding parameters. Please refer to below example.
